(2) Questions from Industry dated letter 25 March 2004

Question:

Page 36 - Paragraph (h): "The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract." Industry requests requirements for differentiating between compensated and uncompensated be eliminated from the invoice procedure and accounting system, and captured on a parallel system and included in the monthly status reports.

Answer:

If the contractor has a "total time accounting" financial system that is approved by the ACO and consistently applies the concept in their proposal, the Government will exclude the requirement of the contractor to identify between compensated effort and uncompensated effort.

Question:

Page 62 - "Fee will be administered on Key Personnel categories." The industry assumes that all costs will be fee bearing, but this sentence casts doubts. Please clear up this ambiguity.

Answer:

The assumption is correct, when the fee is calculated, it is based on all cost, with the exclusion of the cost of money. However, the fee pool for each award fee period may be decreased if the required key personnel hours (LOE) are not provided.

(3)

The Government will extend the response due date to 02 April 2004: 1400.
